ESTIMATOR | URBAN PLANNER | BIM ARCHITECT | CONSTRUCTION MANAGER

PROFILE

As a graduate with a background in Construction Project Management and Urban Planning and experience supporting project coordination, construction estimation, and land development initiatives, I am eager to apply my technical and analytical skills to contribute to successful project delivery. Through my academic studies and practical experience, I have developed proficiency in GIS, AutoCAD, spatial analysis, urban planning policy, land use planning, data management, and project documentation. I am committed to fostering effective communication and collaboration among project teams, consultants, contractors, clients, and stakeholders. With strong organizational abilities, attention to detail, and experience reviewing technical drawings, preparing reports, conducting research, and supporting project planning activities, I am well-positioned to contribute to projects from initial planning through implementation while maintaining high standards of quality, efficiency, and professionalism.

Core Competencies Include:

- Geographic Information Systems (GIS)
- Urban Planning & Land Use Planning
- Planning Policy Analysis
- Transportation & Infrastructure Planning
- AutoCAD & Technical Drawings Review
- Project Coordination & Administration
- Construction Estimation & Quantity Take-Offs
- Data Analysis & Research
- Stakeholder & Client Engagement
- Report Writing & Technical Documentation
- Microsoft Office Suite (Excel, Word, PowerPoint)
- Project Scheduling & Cost Tracking
- Problem Solving & Critical Thinking
- Contract & Tender Documentation

PROFESSIONAL WORK EXPERIENCE

BIM Coordinator / Project Manager

APS Green Solution – Chandigarh, India

2023 – 2025

- Led design and BIM coordination of residential, commercial, and mixed-use projects.
- Produced construction documents, shop drawings, and tender packages in compliance with building codes.
- Utilized Bluebeam Revu for markups, document control, and consultant coordination.
- Developed schedules and reports in MS Project to support delivery timelines.

BIM Modeler / Junior Estimator

SAA Associates – Delhi, India

2020 – 2023

- Produced architectural drawings, 3D models, and renderings for institutional, commercial, and government projects.
- Assisted with specifications, RFIs, and project scheduling, supporting on-time project delivery.
- Collaborated with consultants and contractors to align with client expectations.

EDUCATION

Sustainable Urban & Transportation Planning

Seneca Polytechnic, Newnham Campus (GPA: 4.0 / 4.2)

- Key Courses:MTSA studies: Land use, density, transit access, TOD principles
- TIS studies: Traffic analysis, modal split, intersection performance
- Multimodal planning: Walkability, transit, active transportation

Construction Project Management

Fanshawe College, London, ON (GPA: 4.12 / 4.2)

- Key Courses:MS Project scheduling
- Cost estimating & cash flow
- RFI / submittal coordination
- Earned value analysis & reporting

Bachelor of Architecture (2019)

Chitkara School of Planning and Architecture – Punjab, India

- Key Courses:Thesis: Commercial mixed-use mall development
 - Major project: Indoor stadium design, Residential School, Architecture College
 - Urban design, circulation, zoning, public space planning
-

KEY PROJECTS

Residential Mixed-Use Development (Commercial + Residential)

- Prepared quantity take-offs and preliminary cost estimates using drawings and BIM models for a multi-unit mixed-use project.
- Assisted in developing budget ranges and cost breakdowns for structural, architectural, and finishing components.
- Used Bluebeam Revu and Autodesk Revit to extract quantities and support estimation accuracy.
- Collaborated with consultants and project teams to align design decisions with budget constraints, reducing cost overruns.

Commercial Interior Fit-Out Projects

- Performed detailed quantity take-offs for interior finishes, millwork, and fixtures across multiple projects.
 - Prepared cost comparison sheets and vendor pricing evaluations.
 - Coordinated with suppliers to obtain pricing for materials and finishes.
 - Assisted in tracking project costs against estimates during execution.
-

CERTIFICATIONS & TRAINING

- Autodesk Certified Professional in Revit
 - BIM Management Training
 - Bluebeam Revu Training (2025)
 - Grasshopper Computational Design
-
